PROFILE SUMMARY

I'm a driven computer science student at Xidian University on a mission to turn ideas into digital reality.

WORK EXPERIENCE

"Bilim Güzeri" EC, Administrator

Nov 2023 – Aug 2024

I managed daily operations and ensured smooth functioning of the educational center. My responsibilities included:

- Student & Parent Relations – Handling inquiries, registrations, and providing information about courses.
- Scheduling & Coordination – Organizing class timetables, teacher schedules, and managing classroom allocations.
- Record Keeping – Maintaining student databases, attendance records, and financial documentation.
- Assisting teachers with materials, resolving administrative issues, and ensuring a productive learning environment.

This role strengthened my organizational, communication, and multitasking skills while allowing me to contribute to students' educational growth. Working in a dynamic educational setting taught me the importance of efficiency and teamwork in achieving institutional goals.

"Bilim Güzeri" provided me with valuable experience in administration and customer service within the education sector.

EDUCATION

Xidian University

Sep 2025
